

Corporate Retreats

Bring your team to new heights at the Kinark Outdoor Centre.

Why choose the KOC?

SUPPORTING KINARK CHILD AND FAMILY SERVICES

When you bring a group to the KOC, you are also supporting the important interventions and work that we facilitate on weekends and throughout the summer for children with complex neurological disorders and their families. Thank you for choosing us!

TREAT YOUR TEAM TO A RETREAT!

Get your team out of the usual routine with a retreat outdoors. A trip to the Kinark Outdoor Centre will help your team members build a sense of camaraderie, increase morale, and reignite motivation.

Good food, updated accommodations and 24-hour emergency support.

Our corporate retreats focus on a range of different areas depending on your goals; trust and team bonding activities, communication, mindfulness exercises, leadership as well as environmentalism.

Easy planning! We offer a comprehensive pre-trip planning process that includes a planning meeting with organizers. We cater the program schedule to meet your group's objectives.

ABOUT US

During your visit to the KOC, your group will have fun, learn new skills, and enjoy new experiences – all our activities are delivered in a safe atmosphere. Outdoors, we offer rock climbing, hiking, archery and more. Try out the high and low ropes courses, have a campfire, or test your skills in one of our many adventure challenges.

While inside, your group can take part in team building initiatives and games, engage with a presentation, challenge yourself with indoor rock climbing and participate in our evening programs.

Depending on the season and weather conditions, our waterfront offers a range of safe and certified activities including canoeing, kayaking, swimming, paddle boating, fishing, or pontoon boat rides.
